### RIDGELINE - NEXT GEN FORD RANGER

RIDGELINE for Next Gen Ford Ranger has been specially developed by the CSA team as a direct replacement for the OEM factory alloy wheel.

The Next Gen Ridgeline in 18x7.5" Size at 50 Pos Offset, will allow you to fit popular LT265/65 R18 All Terrain Tyres, without the need to fit flares.

Next Gen Ridgeline has a Tough Look with a new Flat Cap, and it is a Legal Fitment on Ford Ranger.

With a massive 1500 kg load, Ridgeline is suitable for tow-vehicles & Rangers with GVM upgrade kits.

Ridgeline has a rugged Satin Black paint finish, and is designed & tested for Australian off-road conditions.

Available now with a Lifetime Structural Warranty.
